Spanish · Native

Catalan · Professional working proficiency

English · Intermediate reading, basic conversation

CERTIFICATIONS

CCNA1 2014 · **CCNA2** 2014 · **CCNA3** 2015

Cisco Networking Academy

OTHER

● Barcelona, Spain

Mario Flores Rodríguez

Full-stack developer · Systems & networking

PROFILE

Full-stack developer with Higher Technician diplomas in Web Application Development (DAW) and Networked Computer Systems Administration (ASIR). My profile combines infrastructure and development, which lets me understand the full lifecycle of an IT solution: from computers and connectivity to servers, databases, backend, frontend and deployment.

EXPERIENCE

Full-stack web developer

2017 - present

Own projects · Barcelona · remote

Independent development of complete web applications, published and running in production:

- **Mi Jornada:** work-hours tracker that calculates hours and pay, with an AI assistant that turns sentences like “yesterday from 8 to 2 at the site” into entries.
[Django REST Framework](#) · [Vue](#) · [PostgreSQL \(Supabase\)](#) · [Vercel](#)
- **Sudokus:** web game with accounts and stats; in-house engine that generates the puzzles and grades their difficulty with human techniques; every move is validated on the server.
[Django](#) · [Alpine.js](#) · [Tailwind](#) · [PostgreSQL](#)
- **AgroClima Consultores** (academic project): company website with a climate data dashboard and a content manager for a non-technical client. Mobile Lighthouse: 100.
[Astro](#) · [Svelte](#) · [Sanity](#) · [Supabase](#)

Web developer

Jan 2016 - Jun 2016

Sistemes Informàtics ICON S.L. · Figueres · Internship

- Managed application servers to deploy web applications.
- Developed database-backed web applications to project specifications.
- Installed, configured and maintained WordPress, Joomla and Moodle.

Systems administrator

Dec 2014 - May 2015

Fundació Salut Empordà (Figueres Hospital) · Figueres · Internship

- Administered server operating systems and configured software and network services.
- Provided remote and on-site technical support.
- Diagnosed incidents and applied corrective measures.

IT equipment administrator

Nov 2011 - Mar 2012

La Salle Figueres · Figueres · Internship

- Installed and configured applications, computers and local networks.
- Maintained hardware and peripherals.
- Prepared technical documentation and quotes, and gave technical advice.

EDUCATION
